

Charles Maddox

Operations Manager

Charles Maddox is a seasoned environmental professional with over two decades of experience. As the Operations manager, he leads a dynamic team of creative individuals, focusing on innovative approaches to environmental cleaning and the impact on the environment. Under his leadership, Northern plant services strive to recognize and consistently deliver results that exceed client expectations.

Charlie is passionate about staying ahead of industry trends, ensuring that Northern Plant Services remains at the forefront of environmental advancements. Starting as a Technician in 1995 and moving through the ranks. Becoming a leadman and receiving his class A CDL. He moved to Northern Plant Services in the spring of 2000 after five years in the industry.

Outside of his professional pursuits, Charlie is an avid traveler and a dedicated mentor. He frequently volunteers and coaches Special Olympics. His commitment to excellence and continuous training not only drives his team's success but also inspires the next generation of environmental professionals.
